

Dear Darryl and Wayne,

This is a brief letter to thank you for your prompt service and hard work.

I have used Awnings WA on several occasions over a number of years, and was impressed each time with the professionalism, courtesy and efficiency shown by your staff. Your office staff were friendly and helpful, and your installation crew were always efficient, punctual and did a great job.

I am pleased with the products supplied and installed, and have found your rates to be very competitive.

The bottom- line is that I am grateful for your service and your attention to customer satisfaction and am pleased to recommend your company to family and friends who appreciate companies that make a difference. Thank you

Yours faithfully
